🎯 OBJECTIVE

Seeking a challenging MERN stack developer position in a dynamic organization where I can utilize my skills and experience to build robust web applications.

🎓 EDUCATION

◆ B.Tech mechanical engineer   *2019-2022*
   SRM Institute of Science & Technology
   Chennai - 603203

◆ Diploma in Mechanical Engineering   *2014 - 2016*
   Morning Star Polytechnic College,
   Nagercoil – 629003

💡 PROJECT

Petty Cash Manager Web Application

- The web application using the MERN stack to manage petty cash transactions for a small business or individuals.

- The application was developed using the MERN stack, which includes MongoDB, Express.js, React.js, and Node.js, to ensure optimal performance and scalability.

- The web application has a user-friendly interface that allows users to log in, submit receipts, and track their expenses easily.

- The project uses a RESTful API to store data in a MongoDB database, ensuring that the application is secure and efficient

📜 CERTIFICATION

MERN stack developer course in GUVI   *5-Months*

- Completed a MERN stack bootcamp focused on full-stack web development using MongoDB, Express.js, React, and Node.js.

- Gained practical experience with building web applications, utilizing MERN stack technologies, developing RESTful APIs, and implementing user authentication and authorization.
